OFFSHORE WIND EVENT

A moderate offshore wind event is expected Thursday and Friday. Primary locations include: Most of southern California, the East Bay Hills and North Bay Mountains. The California State Warning Center is monitoring this event and closely working with the National Weather Service. Updates will be included in the Daily SitRep at 1000 hours.

- Sustained winds 20-30 mph with gusts 35-50 mph are generally expected.
- Higher gusts up to 60 mph possible in the mountains.
- Relative humidity is expected to bottom out at 5-10 percent, with poor overnight recoveries in the hills and windier locations.
- The strongest winds are expected Thursday night into Friday morning.
- Critical conditions will continue through the day Friday, before winds weaken late Friday into Saturday.
- Elevated fire weather conditions with weaker winds may persist into next week.

WEATHER OF CONCERN

Weather of Concern

Northern California

- Red Flag Warning is in effect late today through Friday morning for portions of the Sacramento Valley, the northern Coastal Range, the west slopes of the northern Sierra Nevada and adjacent foothills, and much of Shasta County.
 - North to east wind 10 to 20 mph with local gusts 30 to 35 mph; local gusts up to 45 mph over exposed ridges.
 - Overnight recoveries of only 15 to 25 percent across upper slopes and ridges, with 50 to 70 percent recoveries along valley bottoms.
 - Any fires that develop will likely spread rapidly
- Fire Weather Watch remains in effect from Thursday afternoon through Saturday afternoon for Kern County mountains and the Sequoia National Forest in Tulare County.

Southern California

- Fire Weather Watches are in effect from Thursday morning to Friday night for portions of Los Angeles and Ventura Counties.
- Gusty Santa Ana winds will be possible Thursday into the weekend, bringing warmer and drier conditions to most areas.
 - A weak to moderate Santa Ana wind event is still on target in the Thursday through Saturday time range, focused over much of Los Angeles and Ventura Counties.
 - Some uncertainty remains as to how strong the winds will be on Thursday and Saturday. Friday still looks like the peak, gusts in the 35 to 50 mph range are expected.

WEATHER SYNOPSIS BY REGION

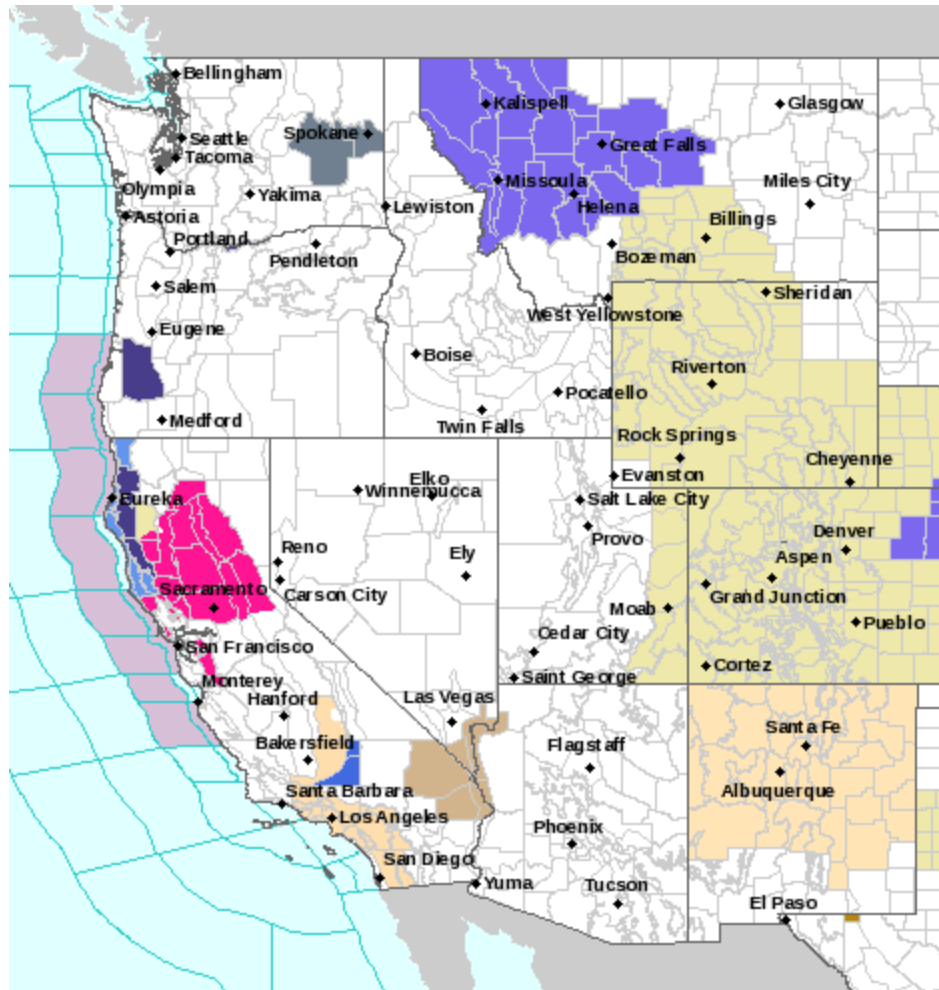

NORTHERN CALIFORNIA

- High pressure remains the dominant weather feature next 6 days with a few weather systems occasionally weakening the high as they pass by to the north and east.
- Low Relative Humidity (RH) (VERY low RH some locations) will continue today as gusty northerly winds decrease somewhat during the day.
- Gusty N to NE winds will return late tonight and last through Thursday into early Friday. Peak gusts 25-35 mph expected with low daytime RH (6-15%) and poor overnight recovery (8-18%) in some windy areas.
- Combination of mild temperatures/low RH/wind generating High Risk of Significant Fire Potential today in the Sacramento Valley/Foothills, then again throughout Thursday for: Sacramento Valley/Foothills (again), Mid Coast to Mendocino, western slopes of Northern Sierra, and Bay Area.
- Low RH will continue, commonly with daytime single digits and teens and poor to very poor recoveries overnight in our drier inland areas.
- Temperatures will generally be 5-10 degrees above seasonal normals with our warmest inland areas in the mid and upper 70s.
- No rain expected over the next 6 days at this time.

SOUTHERN CALIFORNIA

- A weak ridge of high pressure will remain well off the California Coast through Thursday. This ridge will approach the coast Friday through this weekend and then strengthen and move inland early next week.
- Temperatures will remain near normal through Thursday, with mid 50s to mid 60s across the mountains and 70s to low 80s in the valleys.
- Minimum humidity will be mainly between 15% and 30% away from the coastal areas today.
- Temperatures will gradually warm Friday through early next week.
- Minimum humidity will drop into the single digits and teens Thursday through early next week.
- Northeast to east winds of 20 to 30 mph with gusts to 50 mph will surface across the mountains and below the canyons and passes of Southern California Thursday afternoon through Friday afternoon.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2018-LAW-52736, 11/05/18, 1600 hours:** The Sacramento Police Department requested a Human Remains Detection HRD canine for a law enforcement sensitive homicide investigation at an undisclosed location in the City of Sacramento. The Cal OES Law Enforcement Branch (LEB) Canine Coordinator is coordinating the request. **Mission Ongoing.**
- **2018-LAW-52710, 11/03/18, 0830 hours:** The Ventura County Behavioral Health Agency experienced an immediate need to temporarily house 41 special needs clients due to the contamination at one of their facilities. The County of Ventura requested to utilize the Ventura California National Guard (CNG) Armory for shelter for a period of 7 days. The California Department of Social Services, California Department of Public Health, CNG, Cal OES, Ventura County Public Health, OES, and EMSA, collaborated to assess and determine appropriate facilities to meet the needs of the clients. After doing so, and exhausting multiple alternatives, the Ventura CNG Armory was deemed suitable. Cal OES Law Branch, in consultation and concurrence with the California Military Department, approved the use of the Ventura CNG armory for a period of 7 days. **Mission Ongoing.**

Cal OES MISSION TASKING

Cal OES Missions

- **2018-Cal OES-51904:** 2018 July Statewide Wildfires – CNG to provide 55 SHOUT NANO devices, 1 laptop computer, transportation, and required training in support of debris removal operations in the Carr Fire burn area. (On Scene)
- **2018-IREOC-49869:** 2018 July Statewide Wildfires - Debris Management Task Force for Shasta County. (Coordinating)
- **2018-IREOC-48515:** 2018-07-05-Klamathon Wildfire - Air monitors in Siskiyou County due to the Klamathon Fire. (On Scene)
- **2018-CREOC-48046:** 2018-06-23-Lake-Wildland Fire - DTSC to clear debris from Pawnee Fire. (Coordinating)
- **2018-IREOC-45244:** Daily Operations - Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties. (On Scene - Long-term assignment)
- **2017-SOC-44098:** 2017 December Wildfires - CalRecycle Debris Management Team in Ventura County. (On Scene)
- **2017-Inland-42559:** Daily Operations - Weather station installed to gather real time rainfall data by Air Resources Control Board (ARB). Mission extended through 05/30/19. (On Scene)
